

Ready-to-use, biodegradable, as well as solvent-free and free of mineral oil mixer protection

BIO – MIXER PROTECTION 2000

Art. – No. 15.100.

APPLICATION AREA:

- To maintain and protect construction equipment, concrete mixers and transit mixers.
- Suitable for underlay boards and transport boards.

PROPERTIES:

Bio – Mixer Protection 2000 prevents mortar and concrete from sticking to machines and equipment. Chemically effective additives protect the metal surface from rust and harmful substances. Bio – Mixer Protection 2000 is not harmful to rubber.

A general use of Bio – Mixer Protection 2000 increases the operating life of machines, equipment, underlay and transport boards.

TECHNICAL SPECIFICATIONS:

Basic raw materials	Paraffin
Colour:	White
Form:	Liquid
pH value	6.0 – 8.0
Density (at 20 °C):	0.98 – 1.00 g/ml
Processing temperature:	Above + 5 °C
Shelf life:	c. 12 months
Storage:	Store away from direct sunlight and frost. Protect from impurities

USE:

Recommended dosage: 0.5 – 1.0 litre / m².

PROCESSING INFORMATION:

- Prior to use, apply MTC Cleaner S to clean and mortar or concrete residue from machines and equipment, then rinse with a water jet.
- Evenly apply Bio – Mixer Protection 2000 using a spreader or sprayer.

TECHNICAL DATA SHEET

WORK SAFETY:

- Not a hazardous substance as defined by the ordinance on hazardous substances
- Not hazardous goods as defined by transport regulations
- WHC 1 (self assessment) little risk of pollution
- Please refer to the safety data sheet

FORM OF DELIVERY:

30 kg PVC can - gfn
210 kg Poly container gfn
1000 kg Container net
Tanker delivery upon request

NOTE:

Always observe general work hygiene when using our products. The raw materials we process and the products we produce are subject to strict factory inspections. We reserve the right to make changes that signify a technical advance. All the information applies to the normal case scenario, and has been given to the best of our knowledge. We cannot be held legally liable as a result of the information included in this leaflet. It is stressed that our products and the procedure must be tested for suitability with your circumstances.
